## **Ultrasound-Guided Peripheral Nerve Blocks & Central Venous Catheter Insertion Workshop**

**August 2, 2008, 9:00am – 4:00pm**

**Space is limited.**

*Advanced registration required.*

**Speakers:**

**David Auyong, MD**, Virginia Mason Medical Center, Seattle, WA

**James Benonis, MD**, Department of Anesthesiology, Duke University Medical Center

**Jeffrey Gonzales, MD**, Northwestern University, Feinberg School of Medicine

**Course description:** This intensive hands-on workshop is specifically designed to teach ultrasound to anesthesiologists of all skill levels.

**Course objectives:** Use hand-carried ultrasound to identify peripheral nerves and the internal jugular vein to facilitate peripheral nerve blockade and central venous cannulation.

**Registration Fee: \$155** (Includes lunch and course materials)

**Location:** Mobile Marriott  
3101 Airport Blvd., Mobile, Alabama 36606 (251) 476-6400
